Language and Culture Instruction
programs in partnership with the columbia public schools

the columbus public school district has been a valued partner for teaching local students since 2012. we are proud to help our district reach its mission of providing an excellent education for all students. we appreciate the strong support we have received from district superintendent, dr. peter steipleman and his administrative team. we teach all sixth grade students through the world languages rotation. many of these students continue their study in chinese 1a. these students will be eligible to enroll in chinese 1b, a course we plan to offer next year. our plans for next year also include expanding our chinese 1 class to an additional high school. cps currently projects that we will have approximately 1,460 students in our classes during the 2016-17 school year.

world languages rotation

this year we expanded our course offerings with the “world languages rotation.” this course is a requirement for every 6th grade student and it introduces them to three prominent world languages: mandarin, spanish and french. we provided three weeks of chinese instruction to 1,149 students in six middle schools.

chinese 1

in chinese 1 class, students will learn about the chinese language system: pinyin, daily chinese sentences, basic grammar points and sentence patterns and structures. the target will be that students can recognize and use all the pinyin and tones. teachers will also share chinese culture and games with students, encouraging them to be more interested and motivated in learning chinese.

chinese 1a

chinese 1a is offered to middle school students who have completed the world languages rotation. this class teaches the same material as the first half high school chinese 1 class. students who complete this course can continue in chinese 1b next year and will be ready to take chinese 2 as freshmen in high school.

chinese 2

chinese 2 class includes more serious language learning. most of the students have been to china and they want to continue learning chinese. finishing studying the chinese text book experiencing chinese for high school 2b will be the main mission. students will expand their grammar and vocabularies to deepen conversational levels.
**Teacher Training Program**

This year we continued our Teacher Training Program to help Columbia Public School teachers learn how to teach Chinese. We began the year with 2 dedicated teachers, but unfortunately one of them had a serious health issue and had to leave the program. She hopes to rejoin next year.

**Before/After School Programs**

**Grant Elementary, Lee Elementary and Columbia Montessori School**

Kansas City Field Trip, June 18, 2016

To celebrate a great year of working together, we organized a field trip for our Confucius Institute associates to go to Kansas City together. We began with a visit to the City Market, enjoyed famous Kansas City style BBQ for lunch, toured the Nelson Atkins Museum of Art in the afternoon and ended the day with a family meal at Terri Taylor’s home (Bridget’s Mom). Volunteers seemed to really enjoy the smokey flavor of BBQ for lunch and meeting Bridget’s family at dinner. After dinner, we all enjoyed a spirited game of charades with Bridget’s nephews Adrew, age 8 and Erik, age 5.

2016 Student Trip to China, July 4-18, 2016

A life changing adventure began in the early morning on July 4, 2016. For the students in our 2016 Summer Camp, this would be a unique Independence Day. We traveled to Shanghai, where our students further developed their Mandarin in class at Shanghai Normal University and experienced many facets of Chinese culture with kung fu, calligraphy, dance classes and more. Sightseeing included the Bund, the Oriental Pearl Tower and a day trip to West Lake. We traveled to Xi’an to visit the terra cotta warriors and the Wild Goose Pagoda. We finished our trip with time in Beijing to visit the Imperial Palace, and climb the Great Wall. For the students, these are two weeks that they will never forget.
Goodbye Party,

We are grateful to WU Zhenhua “Wesley,” GAO Ya “Lexie,” ZHANG Sa “Sasa,” TU Lijie “Carol,” Zhan Ning “Jenny,” LI Hong “Maggie,” and YANG Li “Sally,” pictured to the right with Sang Kim. These teachers made a wonderful difference in the lives of the students they taught.

Our third annual East-West Dialogues art gallery opening was enjoyed by around 60 people. This exhibition displays the art created by visiting Chinese artists and the faculty that mentor them. Many pieces are inspired by traditional Chinese mediums, but expressed in a contemporary way.
The Columbia Parks & Recreation Department invited us to participate in their annual Around the World: Family Fun Fest. This fun outdoor event is a great first event for our newly arrived volunteers. We set up a booth in the park where we play Chinese yoyo with children, show them how to do papercutting and provide information about our programs. This year Molly was very busy writing childrens’ names in Chinese calligraphy. We also had a chance to provide three dance acts during the entertainment portion of the event. Cathy and Amanda performed traditional dances and Patti brought a fun line dance that the crowd enjoyed joining.
